Dear Mr. Broschat:

The Division has received Atlas Minerals Corporation's letter of August 30, 1983 stating that all interim stabilization measures requested in the Division's January 27, 1983 correspondence, with reference to the above mentioned mines, has been completed. The completion of this work enables the Division to extend, or begin, a two year suspension period for each of these properties as of the date of this letter, pursuant to Title 40-8-21 of the Utah Mined Land Reclamation Act.

When possible, members of the Division staff may inspect the mine sites to verify the status of the work performed. Thank you for your attention to these matters.

Sincerely,

JAMES W. SMITH, JR.  
COORDINATOR OF MINED  
LAND DEVELOPMENT
